[Project No. 8825-007]

Neshkoro Power Associates; Notice of Availability of Environmental Assessment

February 27, 1998.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission's) regulations, 18 CFR part 380 (Order 486, 52 F.R. 47897), the Commission's Office of Hydropower Licensing has reviewed an exemption surrender application for the Morley Dam Project, No. 8825-007. The Morley Dam Project is located on the Little Muskegon River in Mescosta County, Michigan. The EA finds that approving the application would not constitute a major federal action significantly affecting the quality of the human environment.

Copies of the EA are available for review in the Commission's Reference and Information Center, Room 2A, 888 First Street, N.E., Washington, D.C. 20426. Please submit any comments within 30 days from the date of this notice. Any comments, conclusions, or recommendations that draw upon studies, reports, or other working papers of substance should be supported by appropriate documentation.

Comments should be addressed to David P. Boergers, Acting Secretary, Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC 20426. Please affix Project No. 8825-007 to all comments. For further information, please contact the project manager, Ms. Hillary Berlin, at (202) 219-0038.

David P. Boergers,
Acting Secretary.
